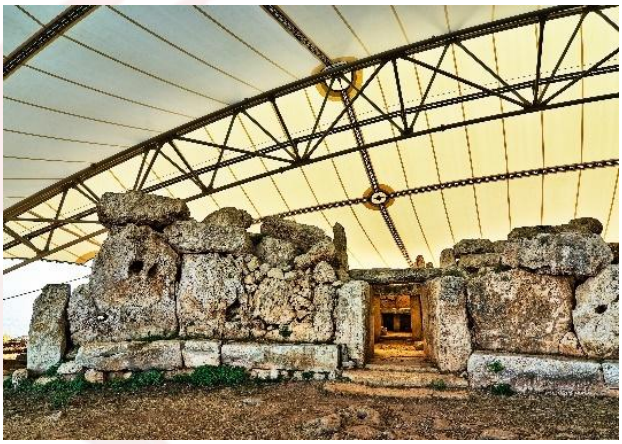
ROBERT ARRIGO & SONS TRAVEL TOURISM MALTA

Blue Grotto and the Megalithic Temples

A scenic journey through Malta's natural beauty and ancient history, from the glowing Blue Grotto and colorful Marsaxlokk harbour to prehistoric caves and majestic temple ruins.

On this full day tour, first we head to Wied iż-Żurrieq, where towering cliffs plunge into crystal-clear waters and, weather permitting, a boat ride takes you straight into the iconic Blue Grotto. Sunlight dances across the water, illuminating dramatic sea caves and hidden crevices carved into the coastline, an unforgettable natural spectacle (boat trip optional and paid locally).

Next, soak up the charm of Marsaxlokk, Malta's most picturesque fishing village. Colorful *luzzijiet* gently bob in the harbour, seafood restaurants buzz with life, and the waterfront is alive with authentic island atmosphere, perfect for photos, wandering, and relaxed seaside time.



The afternoon shifts to discovery and history. Explore Għar Dalam Cave, where ancient tunnels reveal fossilized remains of prehistoric animals that roamed the islands over 170,000 years ago. Then step even further back in time at the Ħaġar Qim Temples, monumental stone structures set against sweeping sea views, one of Malta's most powerful reminders of its remarkable prehistoric past.
